a) "the green compass initiative"

saat ini : Guided by "The Green Compass," YMCC VII unites ASEAN, China, and Australia's brightest engineering talents.

saran: Guided by "The Green Compass," YMCC VII brings together the brightest engineering talents from ASEAN, China, and Australia.

alasan: "Brings together" lebih natural daripada "unites" dalam konteks event akademik.

b) "the green compass initiative"

saat ini: We exist to drive sustainable innovation, technical precision, and future-ready energy solutions in the global mineral resources sector.

saran: YMCC VII aims to promote sustainable innovation, technical excellence, and future-ready solutions for the global mineral resources sector.

alasan : Kalimat sekarang terdengar seperti profil perusahaan, bukan event mahasiswa.

c) Bagian "The Coalition of Earth Science Excellence"

-saat ini: As the industry undergoes a monumental energy transition, YMCC VII acts as a structural anchor.

saran: As the mining industry undergoes a major energy transition, YMCC VII serves as a platform for developing future engineering leaders.

alasan: "Structural anchor" terdengar aneh dalam bahasa Inggris akademik.

-saat ini: We do not just test academic capacity

saran: We do not merely assess academic competence

alasan: Lebih profesional.

-saat ini: forge elite pioneers

saran: develop future mining professionals atau cultivate future industry leaders

alasan: Lebih akademis

- INTELLECTUAL CHALLENGES (IC)

Before : The Intellectual Challenge is a premier intellectual arena designed to test the limits of theoretical comprehension, geological deduction, and rapid mathematical processing in earth sciences. This competition isolates the cognitive capacity of teams under severe time constraints, utilizing the YMCC custom proctored Exam Engine to ensure complete academic validity.

After : The Intellectual Challenge (IC) is a dynamic competition that tests participants' critical thinking, analytical skills, and decision-making abilities through a series of knowledge-based challenges. Designed for both high school and undergraduate students, the competition encourages participants to demonstrate accuracy, adaptability, and confidence in a fast-paced environment. Supported by the YMCC assessment system, IC provides a professional and engaging platform for intellectual competition.

3. PAGE ABOUT US

Founded as a platform to test national engineering capabilities, YMCC has expanded into a prestigious multinational summit, serving as a critical nexus where future mining executives, global researchers, and energy corporations meet to solve real-world industrial and ecological challenges.

bagian ini agak kurang natural, terutama di kalimat pertama, saran ganti ke ini

founded as a platform to showcase national engineering talent, YMCC has evolved into a prestigious multinational summit, serving as a critical nexus where future mining leaders, researchers, and energy industry representatives collaborate to address real-world industrial and environmental challenges.

THE STUDENT ASSOCIATION OF MINING ENGINEERING

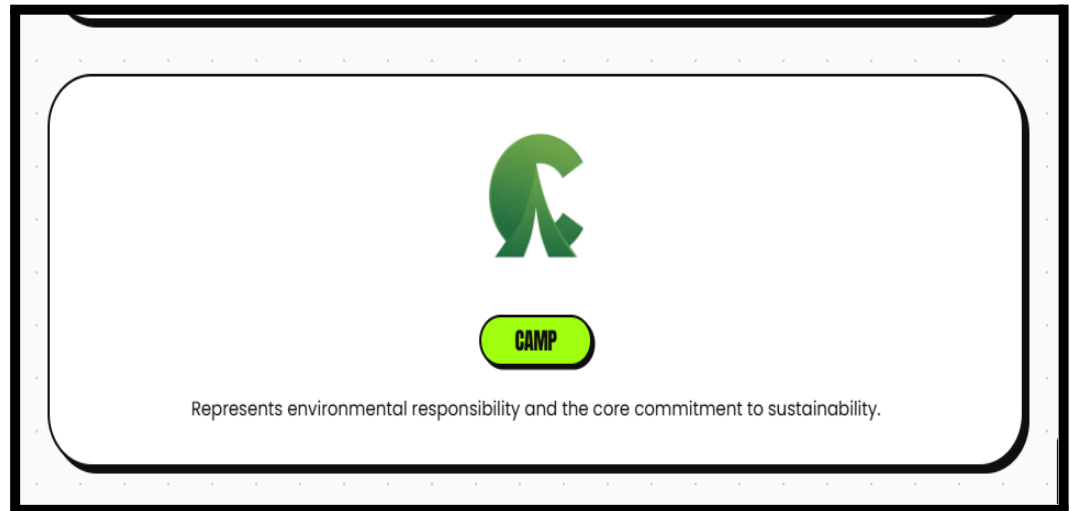

HMTA UPN "Veteran" Yogyakarta is one of the most prominent, active, and long-standing student engineering associations in Indonesia. Governed by principles of discipline, technical mastery, and strong fraternal bonds, HMTA serves as the incubator for student engineers. Every operational detail of YMCC VII is planned, managed, and executed by our dedicated student officers—collectively known as the Strategic Force—under strict academic and professional supervision.

bagian ini yang "governed by" kurang natural, trs yang "...incubator for student engineers" juga agak aneh, mending pake "future mining engineers"

ganti ini

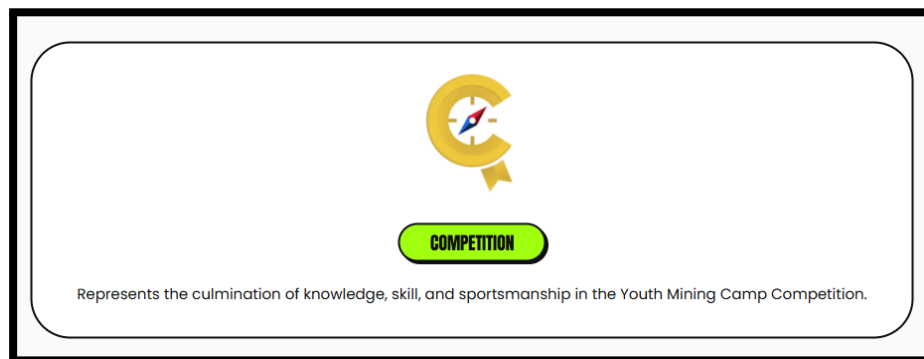

HMTA UPN "Veteran" Yogyakarta is one of Indonesia's most prominent,

active, and long-established student engineering associations. Guided by the principles of discipline, technical excellence, and strong camaraderie, HMTA serves as an incubator for future mining engineers. Every aspect of YMCC VII is planned, managed, and executed by our dedicated student committee members—collectively known as the Strategic Force—under close academic and professional supervision.

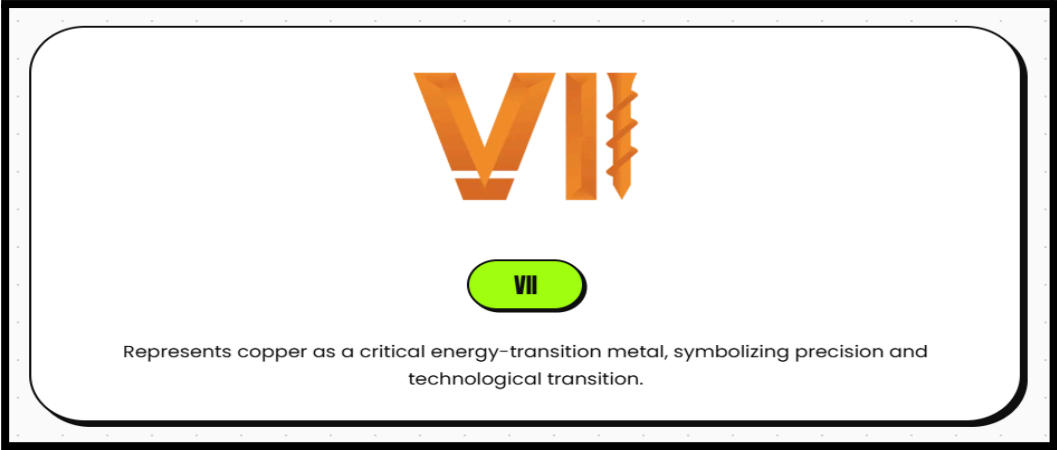

“and the core commitment” ganti ke bebas antara salah satu di dalam kurung

Represents environmental responsibility and a (strong/deep) commitment to sustainability.

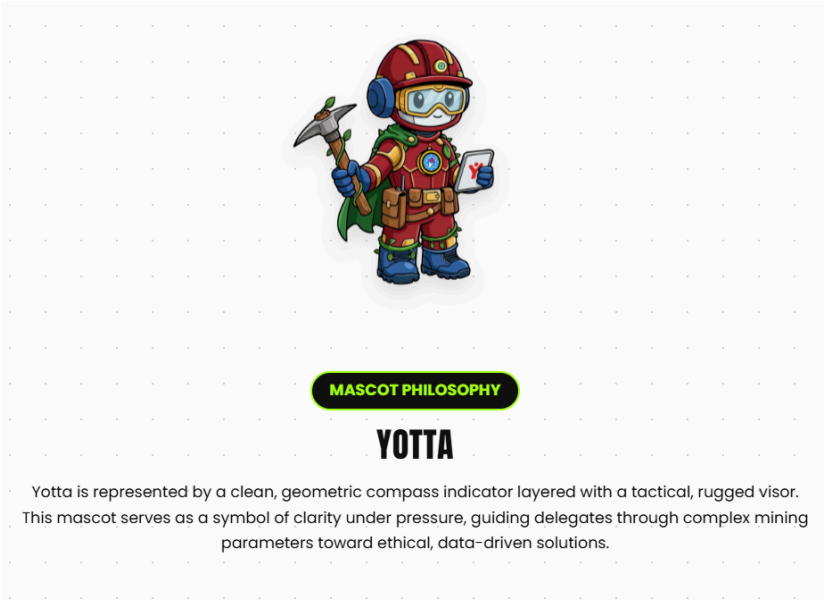

culmination agak aneh, ganti ini aja

Represents the highest level of intelligence, skill, and sportsmanship in the Youth Mining Camp Competition.

ganti technological transition ke advancement aja, biar lebih nunjukin kemajuan teknologi

Represents copper as a critical energy-transition metal, symbolizing precision and technological advancement.

 AI Overview

 **sleek**
/slɛk/

Sleek generally means **smooth, glossy, and streamlined**. It is commonly used to describe surfaces, animals, or designs that look polished, healthy, or aerodynamic.  Vocabulary.com

Core Definitions & Contexts

- **Surfaces & Materials:** Smooth and shiny, as if highly polished (e.g., *sleek dark hair*, *a sleek polished marble floor*).  Merriam-Webster +1
- **Objects & Design:** Having trim, graceful, or aerodynamic lines. Often used to describe fast, modern-looking items (e.g., *a sleek sports car*, *sleek smartphones*).  Merriam-Webster +4
- **People & Animals:** Having a healthy, well-groomed, or prosperous appearance (e.g., *the cat had sleek fur*).  Cambridge Dictionary +1

Yotta is depicted as a sleek geometric compass, complemented by a rugged tactical visor. The mascot embodies clarity under pressure, guiding delegates through complex mining challenges with ethical judgment and data-driven decision-making.

THE FOUNDATION ERA

YMCC I - IV

Initiated as a localized tournament to bridge academic theories with standard field operations, focusing heavily on basic mining games and national safety standards.

THE REGIONAL EXPANSION

YMCC V - VI

Transformed into a regional-scale summit, integrating complex infrastructure mapping (MSIC) and introducing the initial digital registration interfaces.

THE SOVEREIGN TRANSITION

YMCC VII

The current era. Guided by "The Green Compass," YMCC VII introduces state-of-the-art proctored Exam Engines, bilingual standardizations, and a heavy strategic focus on sustainable mineral extraction.

harusnya “mining” gak sih? bukan “mine”

PAGE CONTACT AND FAQ

Can high school students from any region register for the Intellectual Challenge? —

Yes. The High School tier of the Intellectual Challenge is open nationally across Indonesia. Registrants must submit active Kartu Pelajar (Student ID) for validation.

- bagian ini mendingan langsung sebut student id aja, gausah mention kartu pelajar

-

4. FOOTER

- saat ini: The premier international student engineering assembly led by the Student Association of Mining Engineering (HMTA) at Universitas Pembangunan Nasional "Veteran" Yogyakarta.

saran: The premier international student engineering forum organized by the Student Association of Mining Engineering (HMTA), Universitas Pembangunan Nasional "Veteran" Yogyakarta.

alasan: Istilah **assembly** dalam bahasa Inggris biasanya digunakan untuk rapat atau sidang, sehingga terdengar kurang tepat untuk menggambarkan sebuah kompetisi atau forum internasional. Kata **forum** lebih umum digunakan dalam konteks akademik dan konferensi internasional, sedangkan **organized by** terdengar lebih natural dibanding **led by**.

b. saat ini : Coordination Center

saran: Contact & Coordination Center

alasan: Karena isi kolom ini hanya berisi email, nomor telepon, dan media sosial, penambahan kata **Contact** akan membuat pengunjung langsung memahami fungsi kolom tersebut tanpa menghilangkan kesan profesional.

5. NEWS & ARTICLES

a. Judul

The Latest "Operations" agak aneh, kurang cocok kalo dipake di page yang isinya news sm articles. Bisa diganti ke Latest Updates

b. deskripsi

Get in touch with our official media and support center for immediate assistance regarding registration, technical issues, and general competition guidelines.

imo agak kurang sinkron, yang get in touch itu lebih cocok ditaro di contact & faq daripada di news & articles

-> Stay updated with the latest news, event announcements, and articles from **YMCC VII**. Explore important updates, competition information, and insights related to mining and engineering.

c. search bar

search dispatches...

kata dispatches agak jarang dipake & kurang umum deh, better pake yang kaya search updates or search content tapi prefer search updates soalnya lebih singkat dan mencakup news, articles, announce, press release

bawahnya search bar yang *All dispatches* diganti juga ke All Updates

d. subscription

Subscribe to the dispatch

-> Subscribe to our newsletter or subscribe for updates

e. deskripsi

Get the latest intelligence on competition guidelines, rulebook updates, and earth science engineering trends delivered directly to your inbox.

-> Receive the latest updates on competition guidelines, rulebook updates, and trends in mining and earth science, delivered directly to your inbox.

6. MERCH SHOP

a. deskripsi

Equip yourself with the official, premium-grade apparel of YMCC VII. Built for the modern earth science professional, our exclusive jackets and vests are designed to withstand rugged outdoor exploration while elevating your presence in the field. Join the global coalition of delegates and wear the standard of excellence.

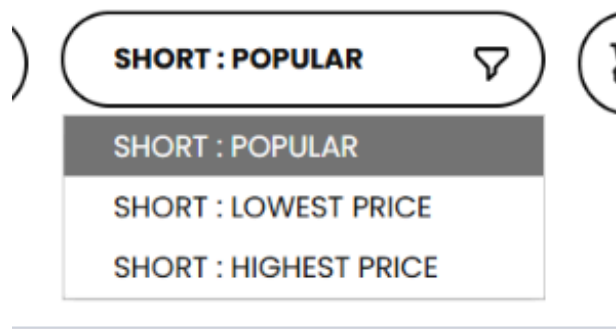

jujur inikeren copywritingnya berasa kayak The North Face gitu tp agak too much

-> Equip yourself with the official, premium-quality apparel of YMCC VII. Combining comfort, durability, and functionality, our exclusive jackets and vests are made to support every journey. Wear it with pride and become part of the **YMCC VII** community.

b. Search bar

search product

-> Search Products

-> sort

c. Track order

SLA Monitored

yang SLA ini agak kurang familiar, jarang didenger

-> Real-time tracking

d. deskripsi

Enter your Waybill / Airway Bill (AWB) number below to track the real-time location of your official merchandise. Our asynchronous tracking system pulls updates directly from the expedition API.

bahasanya kurang familiar. gausah pake your waybill, langsung aja Airway Bill

-> Enter your **Air Waybill (AWB)** number below to track the delivery status of your official merchandise. Tracking information is updated automatically through our shipping partner.
